

Its a case of the Wild West Coast Avengers as the heroes are lost in space-time! But to get home, Hawkeye and pals will have to go even further back -- to Ancient Egypt, and a mind-bending triple crossover with Doctor Strange and the Silver Age Fantastic Four! Meanwhile, Hank Pym faces a very personal crisis, which can only mean one thing -- a brand new costumed identity. Moon Knight grabs a place in the sun, joining the team just in time for a Zodiac attack, as two old faces return ... one from the grave. But with her marriage at stake, can Mockingbird lay to rest a troubling ghost from her jaunt to the past?
