

# The Complete Book of Drawing Manga

This book is chock-full of techniques used by professional manga artists that will help the reader take their skills to a new level. It teaches all the basics of drawing as well as offering tips to develop your drawings into imaginative artworks of a highly polished standard. Featuring step-by-step sequences, it shows how to draw the faces and bodies of humans and animals in the manga style; create new characters, from cute youngsters to powerful action heroes and robots; distort anatomy to create mutants, hybrids, and the truly bizarre; design stunning backgrounds based on real and imaginary worlds to suit a wide range of characters; and devise a comic strip, from initial scenario to finished color artwork.
