

Take the challenge! Craft challenges are all the rage among online crafting communities, and this new series—the first ever on the subject—marries the popularity of repurposing with the appeal of the “new pretty” aesthetic. This time, it’s the common pillowcase that’s undergoing uncommon transformations in 28 beguiling projects, ranging from patterned pinafores and aprons to decorative, embellished boxes and quilts. A friendly and informative basics chapter introduces the key techniques, delicate ink and watercolor illustrations show essential assembly details, and all necessary templates are included. There’s plenty of handholding for beginners plus a wealth of novel ideas for more advanced sewers.
