

Image Art Workshop: Creative Ways to Embellish & Enhance Photographic Images

This book teaches the reader to think of a photograph as a canvas for a wide range of artistic manipulation and coloring techniques. Once upon a time, you hesitated to even take scissors to a photo (even an imperfect one) because if you lost its negative, you'd also lose that moment in time forever. In this day of digital images and photo printers for the home computer, photographs are easily duplicated, so you never have to be concerned about preserving printed photos. You can cut, color, collage, and camouflage to your hearts content. The photo is now an art medium that can be altered physically or digitally to create all kinds of effects.

Working en plein air can be a fun way to relax and get in touch with nature while you're working on art. Take photographs of things you think are beautiful. Cut out pictures from magazines to represent these worries.
