

A compelling page-turner for those who read broadly, enjoy movies, music and unraveling mind-bending allusions – and, of course, all those who simply enjoy gripping and labyrinthine thrillers. A multimedia mashup Easter egg hunt disguised as a whack psychological thriller steeped in death, betrayal, obsession and delusion. On the surface, this is the story of a professional killer on the run from, and planning/executing revenge on his employers. Or maybe something else is going on here? The world's foremost assassin known only as Dead Man becomes both hunted and hunter when he is targeted as a traitor by the organization for whom he plies his deadly trade – The People, a clandestine cabal of extraordinarily wealthy industrialists and businessmen who are the secret puppet masters of the world. While tracking a target, Dead Man encounters a bank heist being carried out by The Woman, a beautiful bandit who also has a secret life. Dead Man ultimately enlists The Woman's help in his attempts to defeat the assassins The People send after him, identify The People's leaders and wreak bloody revenge upon them. The story unfolds in the words of Dead Man and The Woman, from their separate perspectives – but this is much more than an explosive thriller; there are secrets locked within secrets and lives locked within lives. Readers will quickly realize that they must become active participants in solving the riddles and mysteries layered throughout the book and the surprise ending will open their eyes to new realities.
