

# STEPFAMILY DIARIES: ONE STEPPARENTS CONFSSIONAL AND GUIDE TO DEALING WITH DEADBEAT DADS, BABY MAMAS, AND ALL THE JOY YOU CAN HANDLE

Author A.S. Noraford never set out to write a self-help book. Instead, this book arose from her attempts to find solace among women like her before she called it quits on her second marriage. What emerged from the authors all-out hunt for sympathetic ears was the unexpected discovery that her marriage was not only salvageable but also worth saving. Her book merges the painfully humorous yet true stories of her familys progress with the research completed throughout that journey. This book also equips readers with effective, research-tested strategies to help them negotiate unfamiliar territory, like introducing their children, managing deadbeat dads and baby mama drama, setting ground rules, and finding intimacyand time to laughin the middle of it all.
