

## ...And the Angel with Television Eyes

...And the Angel with Television Eyes explores the region where fantasy meets reality. This surreal journey of self-discovery and transformation at once questions the nature of our world, and redefines it in the context of 21st century pop culture and technology. It takes a writer of John Shirley's talent and audacity to bring together elements as disparate as Shakespeare, Nietzsche, on-line role playing games, soap operas, and classic mythology - binding them together, creating a heady melange on, above, and below the streets of Manhattan. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.
