

## The Himalayan Journal: 1996 v.52 (Vol 52)

The most authoritative source of information on the Himalaya, Kakakorum and Hindu Kush ranges, the Himalayan Journal has been published on behalf of the Himalayan Club, uninterrupted since 1928, and established an international reputation for the up-to-date and thorough information it provides on expeditions to these spectacular mountain ranges, their environment, terrain, routes, logistics, and other related matters supported by numerous halftone illustrations, maps and sketches.
