

Its a Jungle Out There: A Lipman-Agerie from Ange-Lemur Jolie to Oscar Wildebeest

This sumptuously illustrated book from actress and author Maureen Lipman presents a dizzying array of celebrity/animal paronomasia, Greek for mash-up. All created with the aid of a fertile mind, a keen sense of humour and, oh yes, her trusty iPad. Here you will meet Brad Pitt and Ange-lemur Jolie; Johnny Depp and Jake Gorillanhall; Lu-seal Ball and Andy Warthog; Joan Crow-ford and Vanessa Redgrave, among many others. The idea for this book came from Lipmans doodle of a steer in a dinner jacket, to which she gave a green carnation and named Oscar Wildebeest. After this breakthrough moment, Maureen became obsessive, boring friends and family with her latest creation. When she woke at 3 a.m. and said out loud, Tuna Stubbs!, the die was cast. A book was born.
