

## Jumper: Griffins Story

Griffin has a secret. It's a secret that he's sworn to his parents to keep, and never tell. Griffin is a Jumper: a person who can teleport to any place he has ever been. The first time was when he was five, and his parents crossed an ocean to protect the secret. The most important time was when he was nine. That was the day that the men came to his house and murdered his parents. Griffin knows that the men were looking for him, and he must never let them find him. Griffin grows up with only two goals: to survive, and to kill the people who want him dead. And a Jumper bent on revenge is not going to let anything stand in his way. Jumper, based on Steven Gould's earlier novel of the same name, will be a major motion picture scheduled for release by 20th Century Fox starring Hayden Christensen, Jamie Bell and Samuel L. Jackson, and directed by Doug Limon. Jumper: Griffin's Story features the character played by Jamie Bell in the film. At the Publishers request, this title is being sold without Digital Rights Management Software (DRM) applied.
