

## Ray Bradbury Presents Dinosaur Samurai

Eckels, a psychotic time traveller, has shot a dinosaur and meddled with history, destroying the future and trapping himself in the past. Transported to an alternate prehistoric period by a savage timestorm, Aaron Cofield manages to link up with Travis, a lost Time Safari guide. Together they must hunt down Eckels and restore the shape of history. Attacked by sentient dinosaurs, Aaron and Travis escape to an alternate medieval Japan. Caught between dinosaurs, ferocious samurai warriors and the cold-blooded Eckels, the two must fight for their own survival - and to restore the timestream of our future.
