

Summer In Hanover Square (LIN) (Linford Romance)

The impoverished Margaret Lambart is suddenly flung into all the glitter of the Season in Regency London. Suspected by her godmother's nephew, the influential Marquis St. George, of being merely a common adventuress, she has, nevertheless, a brilliant success, and attracts the attentions of the young Duke of Oxford. However, when the Marquis discovers that Margaret is far from wanting a husband he finds he has to revise his estimate of her true worth.
