

## Saffron And Brimstone: Strange Stories

Widely praised and widely read, Elizabeth Hand is regarded as one of America's leading literary fantasists. This new collection (an expansion of the limited-release *Bibliomancy*, which won the World Fantasy Award in 2005) showcases a wildly inventive author at the height of her powers. Included in this collection are *The Least Trumps*, in which a lonely woman reaches out to the world through symbols, tattooing, and the Tarot, and *Pavane for a Prince of the Air*, where neo-pagan rituals bring a recently departed soul to something very different than eternal rest. Written in the author's characteristic poetic prose and rich with the details of traumatic lives that are luminously transformed, *Saffron and Brimstone* is a worthy addition to an outstanding career.
