

Imagine you are seventeen years old. You have your whole life ahead of you and a place at university. Then one extra line on a test says you are pregnant! Follow Meg and her real life diary through the year that follows. From trying to keep her boyfriend with her to eventually giving birth; from morning sickness to labour. The whole pregnancy is a whole range of emotions and physical changes which she did not believe possible. A must read for mothers to be of any age, but especially teenagers and a whole range of other people who enjoy a good read. Pregnancy is told here with brutal honesty, the good and the bad. But from the test to giving birth, it shows how you must always remain positive.
