

One of the stories from the bestselling historical fiction Falco series. Lumbered with working alongside reptilian Chief Spy Anacrites, Marcus Didius Falco has the perfect plan to make money - he will assist Vespasian in the Emperors Great Census of AD73. His potential fee could finally allow him to join the middle ranks and be worthy of long-suffering Helena Justina. Unexpectedly confronted with the murder of a man-eating lion, Falco is distracted from his original task, uncovering a bitter rivalry between the gladiators trainers. With one star gladiator dead, Falco is forced to investigate and the trail leads from Rome to the blood-soaked sand of the arena in North Africa.
